NOTICE

All teachers, non-teaching staff members and students are hereby informed that the College Library has successfully transitioned from the SOUL software to KOHA, an open-source integrated library management system. This migration is designed to provide a more seamless, user-friendly, and efficient experience for all our members.

The new Online Public Access Catalog (OPAC) is now live. You can search for books and check availability remotely via the following link:

The link will also be updated in the college website and library knowledge portal very soon. The Library Knowledge Portal is accessible via the following link:
